Beyond Classrooms: An Odyssey to Nature, Adventure & Discovery

**Educational Tour to Chandigarh – Shimla – Mashobra Camp
(6th May – 9th May 2026)**

An unforgettable journey of exploration and experiential learning unfolded as 82 students and 9 educators of MPS Kalwar Road, Jaipur embarked upon an enriching educational excursion to Chandigarh, Shimla, and Mashobra Camp. Surrounded by the breathtaking grandeur of the Himalayas, the tour beautifully blended adventure, cultural exposure, creativity, and personal growth.

The journey began with a scenic drive from Chandigarh to Shimla, where students witnessed the fascinating transition from plains to mist-covered valleys, pine forests, and winding mountain roads. The vibrant Mall Road, colonial charm, and panoramic Himalayan views offered students an engaging glimpse into the cultural essence of the Queen of Hills.

The expedition further advanced to the serene Mashobra Camp, where students enthusiastically participated in adventure and team-building activities including Zip Line, Valley Crossing, High Rope Crossing, Brama Bridge, and several collaborative challenges. Divided into spirited groups — Royal Challengers, Black Panthers, and Mashobra Royals — students displayed remarkable courage, teamwork, resilience, and leadership. The lively Bonfire and DJ evenings added warmth, joy, and unforgettable memories to the experience.

A memorable highlight of the tour was the visit to the quaint village of Bagna, where interactions with local residents offered valuable insights into regional lifestyle, climatic conditions, and sustainable living practices. The simplicity and resilience of the villagers left a lasting impression on every learner

The final phase of the journey included visits to the serene Sukhna Lake and the iconic Rock Garden of Nek Chand. Students were deeply inspired by the extraordinary transformation of discarded materials into artistic masterpieces, beautifully conveying the timeless message of “Reduce, Reuse, and Recycle.”

Throughout the excursion, students experienced learning beyond textbooks — discovering confidence, adaptability, environmental awareness, cultural sensitivity, and the true spirit of togetherness amidst nature’s splendor.

“Adventure awakens the spirit, and creativity transforms experiences into everlasting memories.”

This trip conducted under the guidance of the teachers was truly wonderful and memorable. All the teachers and Mr. Kuldeepak Pandey provided excellent support and guidance throughout the trip. The children enjoyed every activity wholeheartedly and also learned many new things from this experience. I would like to sincerely thank the entire school management, all the teachers, and the staff for taking such good care of the children and making this trip a grand success.
