Dear Parents

Heartiest Greetings !!

At MPS Kalwar Road, we strongly believe in the holistic development of every child. In continuation of our vision of nurturing well-rounded individuals, we aim to ensure that **each and every student actively participates in co-curricular activities** and gets equal opportunities to explore their talents.

Based on your feedback and our commitment to inclusive participation, we have designed a **structured process** to encourage involvement of all students. To facilitate this, we are introducing **Sports and Club Activities during the Zero Period for the students of class VI to X**. A variety of options have been provided to suit different interests and abilities of students. We request you to kindly:

- **Discuss with your ward** about their interests and strengths.
- **Guide and counsel them** in choosing an activity.
- **Select ONLY ONE activity**, as this will be conducted during the Zero Period.

Selection Process Details:

- The **selection process will begin from 6th April and will be completed by 10th April, 2026**.
- Students will be assessed and shortlisted by teachers based on their **interest, potential, and calibre**, along with specific criteria for each activity.
- **While every effort will be made to accommodate your ward's preference, the final allotment will be done as per the selection criteria and availability.**

Science Club	
Quiz Club	
Maths Club	

We would also like to inform you that **the school Almanac will be shared shortly**. The almanac will include a **detailed planner of activities, competitions, and special days** for the entire session. We request you to:

- **Regularly refer to the almanac** and stay updated.
- **Be vigilant about upcoming activities and celebrations.**
- **Prepare your ward in advance** so they can participate confidently and enthusiastically.

Your cooperation, guidance, and involvement play a vital role in your child's growth. **Your support and concern are essential** in making this initiative successful. For the current session, we have carefully planned participation in such a way that:

- **Every student will participate in at least TWO sports activities and TWO co-curricular activities.**
- This structure ensures that **each child gets equal exposure and opportunity.**
- The process is designed to be **fair, inclusive, and free from any bias**, giving every student a platform to showcase their abilities.

Through this initiative, we aim to help students:

- Build confidence and discipline
- Develop teamwork and leadership skills
- Experience joyful and meaningful learning beyond the classroom

We look forward to your wholehearted support in encouraging your child to actively participate and make the most of these opportunities.

Warm regards,

Dr. Sunita Vashistha
Principal
